

GROUND - BREAKER®

15 000 PSI FLEXIBLE QUICK CONNECT

Size	:	4 1/16" id
Top Connection	:	4 1/16" API Flange
Stab Connection	:	4 1/16" API CIW HUB #6
Gasket	:	BX 155
Weight / Length	:	235KG / 0.65m
Pressure Rating	:	15 000 PSI
Approvals	:	DNV, API 6A, Sour Service

- Significantly reduced HSE hazard/risks and maximizes operational efficiencies
- Zero potential dropped objects, less work at height, and better red zone management
- Reduced rig up time from typical 5-10 hours to less than 30 minutes on surface flow tree connections
- A gamechanger wherever coflex hoses are used as surface flowline
- Ideal for well testing, well intervention, stimulation and fracturing applications
- Dual locking functions to eliminate disconnect potential
